**CHINA GRENTech WILL SUPPLY WIFI EQUIPMENT FOR  
CHINA MOBILE'S OLYMPIC WLAN NETWORK**

**SHENZHEN, PRC** — June 22, 2007 — China GrenTech Corporation Limited (NASDAQ: GRRF, “the Company” or “GrenTech”) today announced that it won the bid to supply coverage equipment for China Mobile Limited’s (“China Mobile Group”) Olympic WLAN network through China Mobile’s centralized bidding process, and signed a supply framework agreement with China Mobile Group. As the major Olympic WLAN network equipment supplier, the Company will provide customized and newly designed WIFI coverage equipment for Olympic WLAN network. The equipment will cover different types of protocols including IEEE802.11a, b, and g. In addition to supplying WIFI coverage equipment to China Mobile, GrenTech will also participate in the design and construction of the Olympic WLAN network. This contract win affirms GrenTech’s advanced technological capability on WLAN coverage and its high service quality.

The Olympic WLAN network is a high speed wireless data transmission network constructed by China Mobile for the Olympics, it will provide high speed wireless internet access for end users. The network will cover the Olympic gymnasiums, stadiums and surrounding areas in six Olympic cities, including Beijing, Tianjin, and Shanghai.

**About China GrenTech Corporation Limited**

GrenTech is a leading radio frequency (“RF”) technology developer and a leading provider of wireless coverage products and services to telecommunication operators in China. The Company uses RF technology to design and manufacture wireless coverage products, which enable telecommunication operators to expand the reach of their wireless communication networks to indoor and outdoor areas, such as buildings, highways, railways, tunnels and remote regions.

Based on its in-house RF technology platform, the Company also develops and produces base station RF parts and components sold to base station equipment manufacturers. China GrenTech is a qualified supplier of RF parts and components to six major base station equipment manufacturers such as Huawei Technologies, ZTE, Datang Mobile, etc. For more information, please visit our website at <http://www.grentech.com.cn>.
